From (Name) V.Ramakrishna Esq., M.A., I.C.S., M.L.A.,
(Designation) Director of Industries,

To The Secretary to the Government of Madras,
Development Department.

Sir,

In accordance with a resolution of the Board of Visitors to the Government Industrial School, Bellary, the Inspector of Industrial Schools as Secretary to the Board issued a circular to local bodies in the Ceded districts inviting their cooperation in utilising the facilities for imparting industrial education provided by the school by granting a few scholarships, placing orders with the school, and, employing the ex- students as far as possible. The response to that appeal has so far been disappointing, but although the local bodies as a rule plead inability to provide scholarships from local funds, one or two well-to-do private

persons have agreed to do so. Three such donors propose to hand over Rs.60/- each to the Superintendent as one year's contribution and it is probable that a few more may follow this example. I accordingly request that Government will be pleased to permit the Superintendent to accept such donations towards the provision of scholarships and to open a current account in the local branch of the Imperial Bank of India to which the amounts received may be credited and from which the monthly requirements can be drawn, the amount to be in the name of "The Superintendent, Government Industrial School, Bellary - scholarship account".

A separate record will be maintained of such transactions for the inspection of the donors and the members of the Board of Visitors from time to time.
